Co Founder Ananth Prabhu said that the programme has been organised to educate people about the ill-effects of plastic to environment. Our aim and objective is to make the coastal region plastic-free.

The Eco Be Green will distribute eco friendly reusable cotton carry bags. About 50,000 to One lakh carry bags will be distributed freely to malls, cinema theatres, petrol pumps, temples, college campuses, railway stations, bus stands. This will be continued for three months.
